Welcome to the 111th Annual GCA Fall Conference & Trade Show

Dear Attendees, Exhibitors, Sponsors and Friends,

If you're attending GCA's 111th Annual Fall Conference & Trade Show then I have some great news for you! YOU, and yes I do mean YOU, are in the RIGHT place, at the RIGHT

time! In addition to some awesome CE, we have lots of fun networking events planned.

We're excited to offer a wide variety of speakers this year. Friday we are featuring sessions on hands-on neck adjusting, pediatrics and nutrition; Saturday we'll have hands-on extremity and spine adjusting, outcome-based tools for patients at all stages of life, risk management and law; while Sunday will feature even more adjusting and an exploration of glucose dysregulation and its impact on chronic diseases.

Find more information on the class schedule and our great speakers later in this program.

We've also planned plenty of opportunities for you to network and have some fun! Friday night we'll have our Egyptian-themed Vendor Reception, and Saturday I'll be hosting our annual awards luncheon. For our women D.C.s, be sure to check out the Ladies' Tea on Saturday at 3:30 PM, honoring Life University's Provost Dr. Jana Holwick.

Finally, please make your plans to attend both the GCA Annual Meeting (1-2:30 p.m., Friday) and the Political Action Committee Meeting (5:30-6:30 p.m., Saturday). These are the best ways to learn not only why membership in BOTH are ESSENTIAL but also what your association has accomplished to date and what our plans are for the future.

Please join me in thanking our Conference Committee, headed by co-chairs Dr. Anissa Jones and Kellie Baxter. These women and the rest of the committee have done an amazing job,

ensuring our conference offers plenty of opportunities for fun! Also, thank you to Dr. Karen Mathiak and the Education Committee for choosing our diverse speaker lineup. If you see them, please thank them. I also want to thank our conference exhibitors, sponsors and GCA partners – their support has helped us create bigger and better events each year!

And finally, thank you, GCA members! Your participation is vital to the association as we continue to promote the chiropractic profession in Georgia.

And if you're not currently a member ... have you asked yourself why not? Furthermore, have you voiced those questions you have about what benefit the GCA provides to you, or what the GCA has done for you lately, or how the GCA can help you grow your business to me or someone else on the board to get an answer?

If we want to improve chiropractic and help chiropractors, then we must band together. Gone are the days of fighting over petty disagreements. The fact of the matter is that if we had even 50% of the chiropractors as members of the association and the PAC, it would catapult us into the next level! 80% would be a paradigm shift.

If you turn in your membership application and pay-in-full by noon on Sunday, your membership will be good through Dec. 31, 2023. You can find an application in your attendee packet as well as at our registration booth. Don't leave this weekend without doing this; it is vital to the protection and promotion of today as well as the future of our profession.

Till next time, let's let 'em have it.

Benjamin Scott McDowell,
D.C., B.C.A.O.
GCA President

Schedule

FRIDAY, OCT. 13

7 A.M.-6:30 P.M.

Dr. Dominic Fetterly

Dr. Paul Goldberg

Ms. SeKoixa Gonzalez

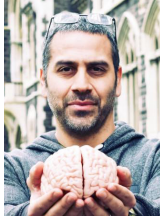

Dr. Laura Hanson

Mr. Axel Martinez

Dr. Dan Murphy

Dr. Tyson Perez

Dr. Eric Plasker

Dr. Keith Rau

Ms. Laurie Simpson

Dr. Stephanie Sullivan

Mr. Aubrey Villines

Dr. Kevin Wong

Jack Brink, D.C.

Dr. Jack Brink ran a long time practice in Atlanta and has been the lead instructor of GCA's Advanced Chiropractic Assistant Program for 35 years.

Emily Drake, M.S.

Ms. Emily Drake is a research scientist at the Dr. Sid E. Williams Center for Chiropractic Research at Life University. She currently leads a team of investigators interested in understanding more about the influence of chiropractic care on the brain and body.

Marc Ellis, D.C., D.A.C.N.B., F.A.C.F.N., F.A.B.B.I.R.

Dr. Marc Ellis has been in practice more than 20 years and is an assistant professor at the Carrick Institute for Graduate Studies and an instructor at Gwinnett College. He is a specialist in Chiropractic Neurology and is the developer of Myosynaptics.

Dominic Fetterly, D.C., D.A.C.N.B.

Dr. Dominic Fetterly is the director of the NeuroLIFE Institute at Life University, where he treats complex neurological conditions.

Paul A. Goldberg, B.A., B.S. M.P.H., D.C., D.A.C.B.N., D.C.B.C.N.

Dr. Paul Goldberg is the founder of The Goldberg Tener Clinic for Chronic Disease Reversal that focuses on autoimmune conditions, digestive disorders and reversal of degenerative diseases, using clinical epidemiology, chiropractic and clinical nutrition as well as a former Life University Faculty member.

SeKoixa Gonzalez

Ms. SeKoixa Gonzalez is the Communications and Events Coordinator for the Georgia Chiropractic Association. A graduate of Georgia State University, she has taken GCA's social media to the next level with the use of graphics and video.

Laura Hanson, D.C., QEEG-DL, D.I.C.C.P., N.D.T., B.C.N., C.A.S.

Dr. Laura Hanson is an integrative practitioner who has designed and directed innovative programs, spearheaded research and delivered post-doctoral lectures to advance comprehensive treatments for pediatric and specialized populations.

Axel Martinez

Mr. Axel Martinez has been the office manager of Northwest Chiropractic for over five years. A graduate of St. John's University, in addition to running the office, he handles marketing for the clinic.

Dan Murphy, D.C.

In practice for 45 years, Dr. Dan Murphy has taught nearly 2000 postgraduate continuing education courses across the country in biomechanics, soft tissue injury and repair, pain and proprioceptive neurology and clinical nutrition.

Tyson Perez, D.C., Ph.D.

Dr. Tyson Perez is a neuroscientist at the Dr. Sid E. Williams Center for Chiropractic Research at Life University. He also teaches research at the university.

Eric Plasker, D.C.

Chiropractor, author and speaker Dr. Eric Plasker has been in practice for 37 years, treating newborns through seniors.

He is the author of the bestselling book *The 100 Year Lifestyle* and an evangelist for chiropractic care.

Keith Rau, D.C., C.C.E.P., C.C.S.P.

Dr. Keith Rau is an associate professor in the Sport Health Science Department and formerly the Director of Sports Chiropractic for Life University's Athletic Department.

Laurie Simpson, CCA, CCCPC

Ms. Laurie Simpson is the Director of Operations for Parkridge Healthcare and Physical Medicine. She is a former instructor for GCA's Advanced Chiropractic Assistant Program and has spoken throughout the Southeast.

Stephanie Sullivan, D.C., Ph.D.

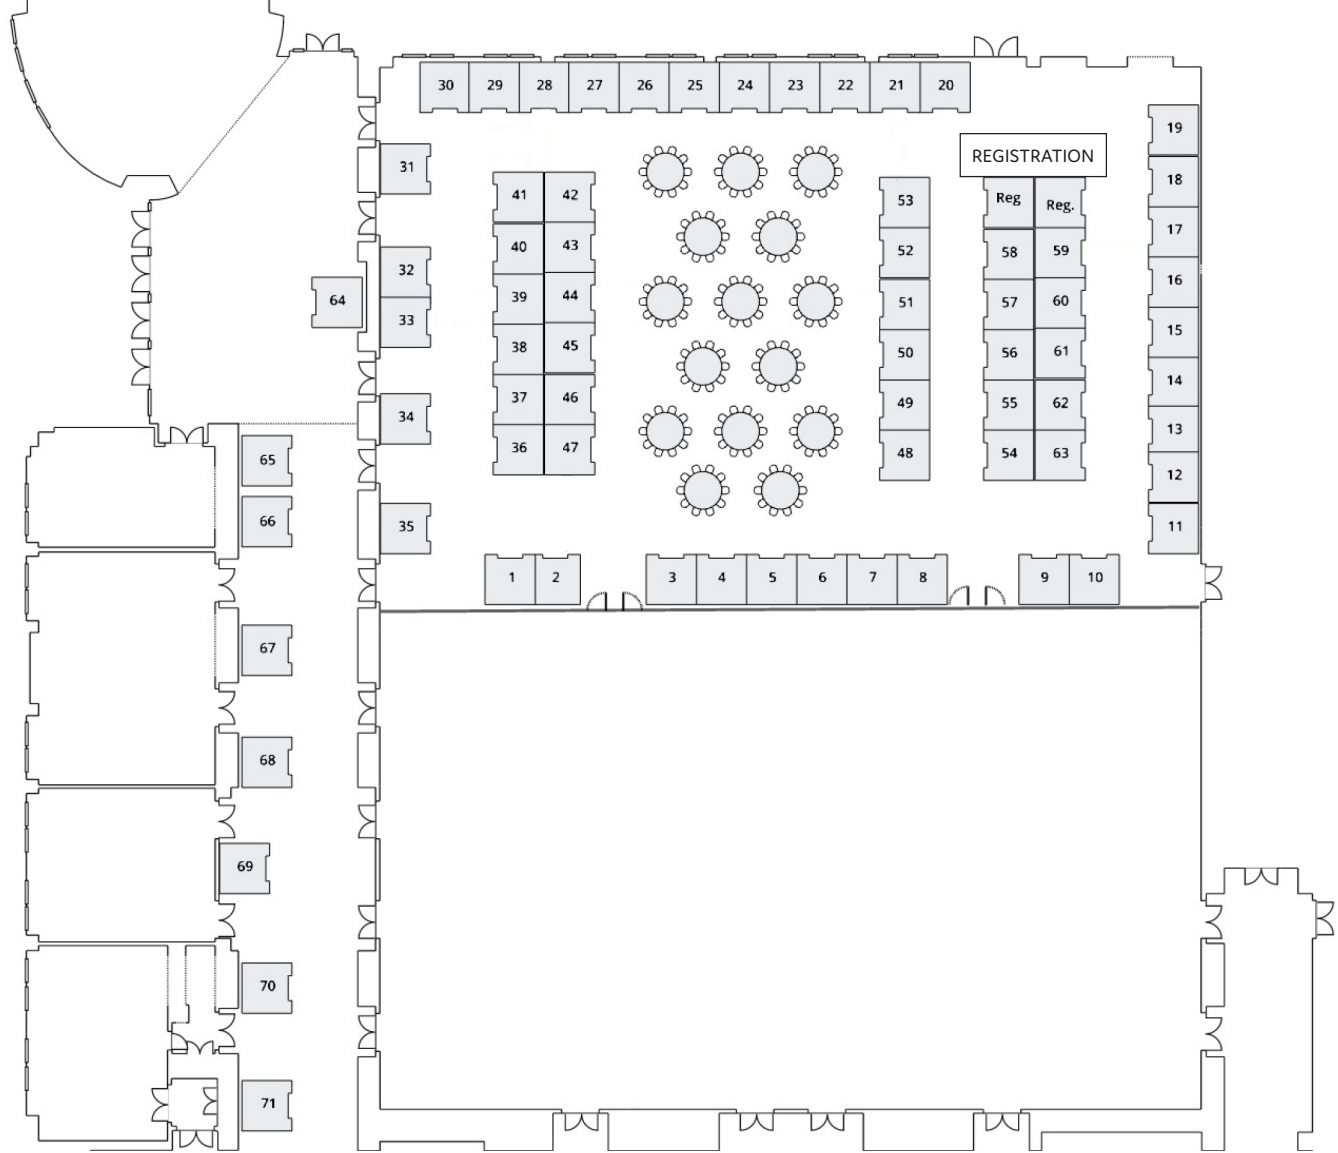

Dr. Stephanie Sullivan is the Director of the Dr. Sid E. Williams Center for Chiropractic Research. Her research interests include cognitive efficiency and the effect of chiropractic and applied clinical neuroscience care on brain-body neuroplasticity.

Aubrey Villines, J.D.

Mr. Aubrey Villines has been GCA's attorney and lobbyist for 44 years and has helped shape many of the laws affecting chiropractic in Georgia.

Kevin Wong, D.C.

Dr. Kevin Wong has been a Foot Levelers speaker for nearly 20 years, teaching hands-on adjusting techniques for the whole body.
